**POMPES AUTOASPIRANTES**

**DESCRIZIONE**  
**DESCRIPTION**  
**DÈSIGNATION**

Pompe autoadescenti SWIMMEY costruite con corpo pompa in tecnopolimero, cestello di grande dimensione, coperchio a vite, girante e diffusore in lexan caricato a vetro resistente all'abrasione della sabbia, tenuta meccanica in grafite, albero in acciaio inox, coperchio filtro a vite. Velocità di rotazione 2850 giri/1'. Temperatura max del liquido 40°C. Pressione massima d'esercizio: 2,5 bar. Altezza massima d'aspirazione consigliata: 3 m con valvola di fondo

Self-priming centrifugal pump for swimming pools. Thermoplastic injected pump casing reinforced with fiber glass. Impeller in lexan. High capacity pre filter, with transparent lid and white colour plastic filter basket. Electric motor IPX5 protection, class F.

Pompes centrifuges pour piscines à amorçage automatique. Corps de pompe socle en matériaux composites chargés de fibres de verre. Turbine en lexan. Pré Filtre de capacité élevée avec couvercle en plastique transparent et le panier de couleur blanche. Moteur protection IPX5, classe F.
